

Dear Resident,

Enclosed is your annual ambulance membership with NorthWest EMS. To our renewing members, we thank you for your past participation. To those who have not participated in the past, we ask you to consider the following:

Your membership allows us to write off charges that you would be responsible for in the event you were to need our services. Most insurances, including Medicare, require you to pay a portion of your ambulance bill. By maintaining a large member base, we are able to apply those funds toward your unpaid balance.

Wheelchair Van services are not covered by the ambulance membership.
